

## Covid-19 Protocols when a positive case has been found at UHS

- If a student, staff member or family member tests positively for Covid-19 OR shows symptoms, they must remain or return home to isolate for 10 days after the last symptoms go away.
- If a person has no symptoms but has tested positive for Covid-19, they need to isolate for 10 days. They must show proof of a negative test to return to Urban Homeschoolers.
- Students and staff who have been exposed to a known case of Covid-19 must present a negative test to return to Urban Homeschoolers.
- It is possible that we (UHS) will ask an entire class or cohort to test if their exposure warrants it. Exposure that might result in this is being *within 6 feet of a person with Covid-19 for more than 15 minutes in a 24-hour period.*
- Administration will notify all families and staff by email and/or a phone call if they have been exposed and discuss further steps to be taken.
